Episode 10: Featured Ride - 1963 Ford Fairlane
Featured Member - Cecil Scholtz

I bought this 1963 Ford Fairlane way back in 2002. Restoration of the vehicle included welding in a new floor, suspension overhaul and a few minor rust problems on the body-work.

Amazingly this car is still running on it's original V8 motor. The only major problem I had with this restoration was the paint-work as it was painted a good couple of times before. I finally got it done and now I'm busy assembling it. There's still a lot of work that needs to be done including the hunt for a new windscreen and the fitting of new rubbers.

I'm very proud of my old Ford and can't wait to get it back on the road again.

Cecil
